# About US

Incorporated in 2024, AR Group embarked on its journey in the Electromechanical, Real Estate, and Fashion sector in Bangladesh. Our operations include HV & MV Substation Equipment (Transformer, HT and LT Switchgear, PFI Plant), Distribution and Control Panel, Synchronizing Panel, Busbar Trunking System (BBT), Diesel & Gas Generator, Synchronizing, Cooling Tower, Heat Exchanger, Radiator, Turnkey Installation, and other electromechanical accessories, along with Real Estate and Fashion venture. With our corporate office situated at House-303, Lane-4, Baridhara DOHS, Dhaka-1206, AR Group is committed to excellence in technical services, innovative solutions, and dynamic leadership, ensuring efficient and smart management operation.

# MISSION & VISION

## MISSION

"Always with our valued customers with reliable products & reliable services."

## VISION

"To be a globally recognized and trusted company from Bangladesh, delivering innovative solutions with integrity and excellence."

# CORE VALUES

- Sustainability: Building a greener future with eco-friendly solutions.
- Integrity: Upholding transparency and ethical standards in all our operations.
- Quality: Delivering top-notch products and services consistently.
- Value for Money: Offering competitive pricing without compromising quality.
- Commitment: Ensuring reliability and dedication in all our partnerships.
- Prompt Service: Providing swift and efficient services to meet client needs.

# MANAGEMENT

## **Mrs. Farjana Akthar**

CHAIRMAN

BBA, LLB

Mrs. Farjana Akther, Chairman of AR Group, holds a Bachelor of Business Administration and a Bachelor of Laws. She is a visionary leader passionate about business innovation, operational efficiency, and organizational growth. Her strategic mindset and commitment to modernizing business processes have propelled AR Group to new heights. As the driving force behind the company's success, she ensures continuous improvement and sustainable growth, supported by her forward-thinking approach and dedication to excellence. She is also the esteemed wife of Engr. Md. Arman Hossain, Managing Director of AR Group.

# MANAGEMENT

## **Eng. MD. Arman Hossain**

MANAGING DIRECTOR

B.Sc. Engg. ( EEE )

Engr. Md. Arman Hossain holds a Bachelor of Electrical and Electronic Engineering with over 20 years of experience in the power sector. His career began at Beximco Power Plant, followed by significant roles at Energypac and Powerbreeze Group. He has completed advanced training abroad, including MTU (Rolls-Royce Power Systems) in Singapore, DEIF AGE Designer training, and PLC programming at the University of Malaya, Malaysia. His expertise spans power generation, distribution, installation, and maintenance, with hands-on experience in global markets such as Canada, UK, Australia, Germany, and more. Engr. Arman's leadership ensures AR Group delivers world-class engineering solutions with precision and reliability.

# UNIVERSITY OF MALAYA

*The Leader in Research & Innovation*

16 December 2014

## To Whom It May Concern

This is certify that **MOHAMMAD ARMAN HOSSAIN** (Passport No. AC8971269) (lives in Dhaka, Bangladesh) has successfully completed a training session from 12 December 2014 to 16 December 2014 in Programmable Logic Controller (PLC) under my supervision. He has achieved a practical implementation skill over PLC. Now I can recommend him as a PLC expert. The control system of machineries and power plants based on PLC can be maintained perfectly and efficiently by him.

He is a sincere, honest, and hardworking man.

I wish him every success in life.

## Certificate

**Md Arman Hossain**

attended from

Oct 03, 2016

to

Oct 07, 2016

successfully participated in the following course

ECU-7 E3/G + Delta ECU-8

### Course contents

Introduction of the scope of electronics  
Handling of documentation and drawings  
System structure and design  
Explanation of  
-System operations, functions and configuration  
-Component replacement  
-Measurement and test equipment  
-Commissioning tasks  
- Engine wiring and sensors  
- Governor (ECU7) functions and parameters ( level 1B)  
Handling of the service tools e.g  
- (How to configure the equipment (BDM etc-  
- (DiaSys 2.xx (actual version-  
Programming of the system software  
Troubleshooting  
Final Text is a prerequisite to order the 1A dongle

Instructor  
Ang Kar Boom

Manager Training Center

Singapore, Sep 30, 2016

## Certificate

**MD. ARMAN HOSSAIN**

has attended **M1+M3** training course on **Series 4000-L61**

at Tognum Asia Pte Ltd from 03.12.2012 to 14.12.2012

### Training Course Topics:

Handling of documentation  
Design and function of the engine  
Explanation of oil & coolant systems  
Explanation of the Fluids and Lubricants Specification  
Disassembly of the core engine  
Inspection of components such as:  
Crankshaft, camshafts, crankcase, geartrain,  
piston, con-rod, flywheel, vibration damper etc.  
Assembly of core engine including adjustments  
Overhaul of cylinder head assembly

# Our Business Segments

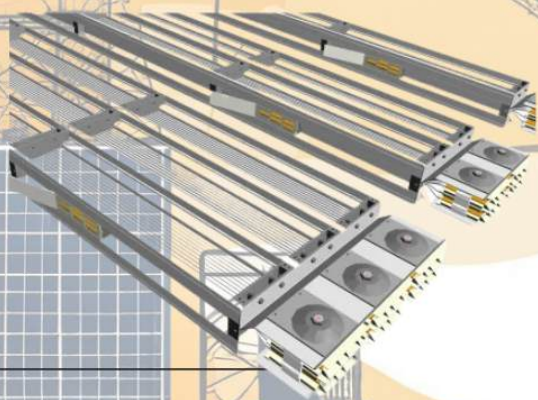

## Summary of Products & Services

AR Group offers a comprehensive range of high-quality engineering and power solutions designed to meet the needs of industries, commercial establishments, and infrastructure projects. Our product portfolio includes advanced power generation systems, efficient electrical distribution solutions, and cutting-edge automation technologies. With expertise in substation equipment, generators, real estate development, and industrial automation, we ensure top-tier service, seamless integration, and long-term operational excellence for our valued clients

## Products & Services

- ☑ MV and HV Substation Equipment
- ☑ Generator (Diesel & Gas)
- ☑ BBT (Busbar Trunking System)
- ☑ Real Estate Development
- ☑ Distribution Panel
- ☑ Lighting Solutions
- ☑ Cable Tray
- ☑ Lightning Protection Systems
- ☑ Power Automation & Synchronizing
- ☑ Industrial Automation
- ☑ EMS & BMS
- ☑ Cooling Towers, Heat Exchangers, Radiators, Ventilation Systems
- ☑ Turnkey Electromechanical Installations

# CORE BUSINESS UNITS

## MV and HV Substation Equipment

Transformer, Switchgear, PFI Plant, MCC, Synchronizing Panel, etc.

## Generator Solutions

Diesel & Gas Generator, Service & Spare Parts, Rental Service

## BBT (Busbar Trunking System)

Supply, installation

## Real Estate

Eco-friendly Apartments, Commercial Buildings, Land Development

# **WHY CHOOSE AR GROUP?**

- **Nationally and globally trained management**
- **One-stop solutions and consultancy**
- **Authentic products with timely service**
- **Highly qualified engineering staff**
- **Direct after-sales support from management**
- **Continuous R&D for quality and service enhancement**
- **Sustainable business goals**

# Health & Safety Commitment

## **Management Responsibilities**

- Ensuring overall health, safety, risk control, training, supervision, and incident management.

## **Managerial Responsibilities**

- Implementing safety controls, conducting inspections, providing training, and investigating incidents.

## **Employee Responsibilities**

- Following safety procedures, reporting hazards, using PPE, and cooperating in maintaining workplace safety.
